

The Colorado Health Foundation™

About Us

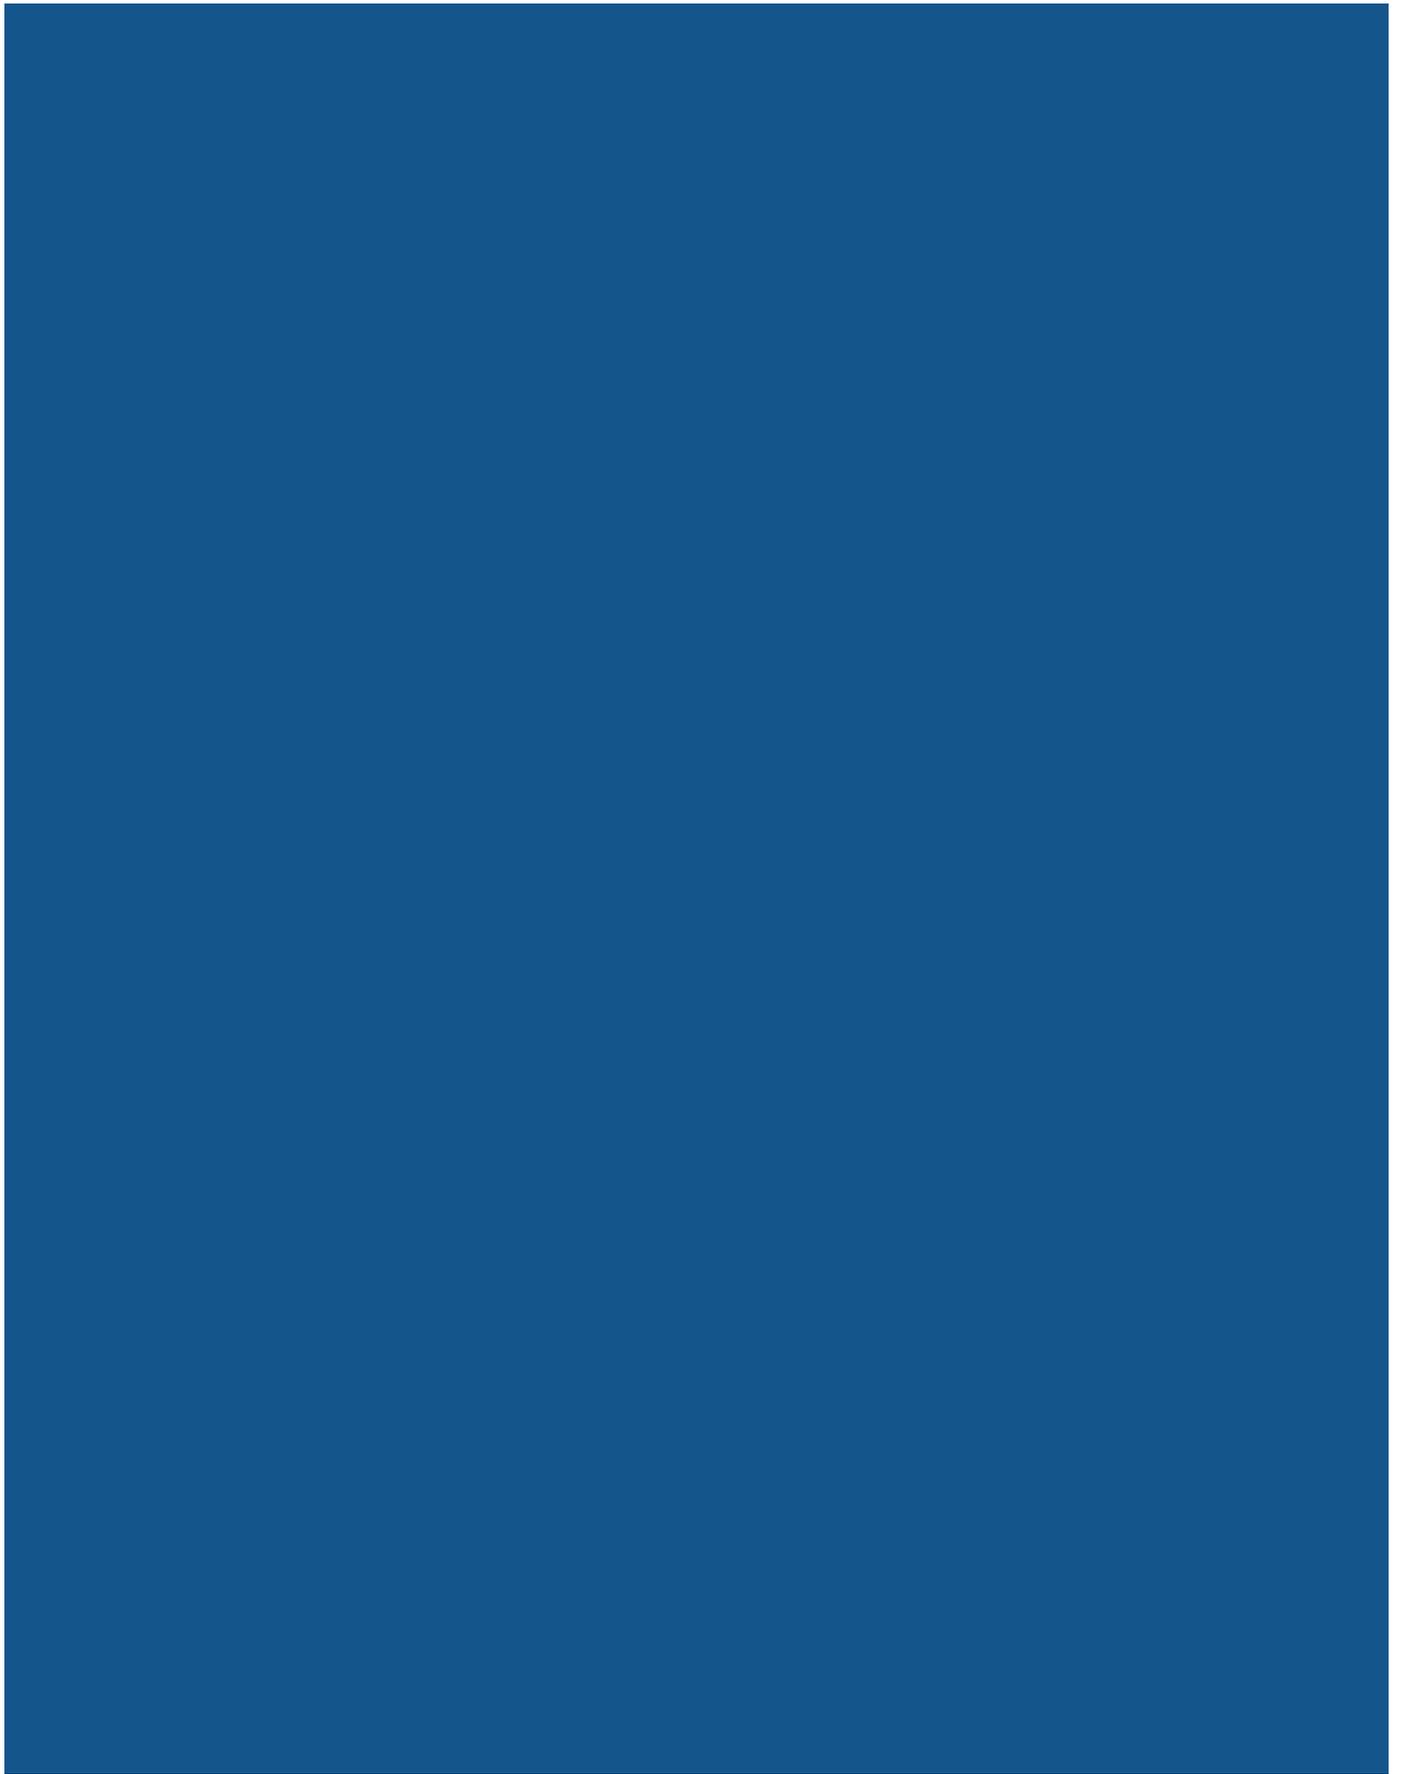

The Colorado Health Foundation is a statewide philanthropic organization that champions the overall health and well-being of every Coloradan. We do this by advocating for and investing in solutions and policies that drive health equity and racial justice.

Our mission is to improve the health of Coloradans. We believe that health and well-being can be in reach for everyone. So, every day, we collaborate with organizations and communities across the state to break down the many systemic inequities that stand in the way of health. When every Coloradan has the power to be healthy, our entire state is stronger.

The Colorado Health Foundation is guided by the following **core values and beliefs** in pursuit of our mission:

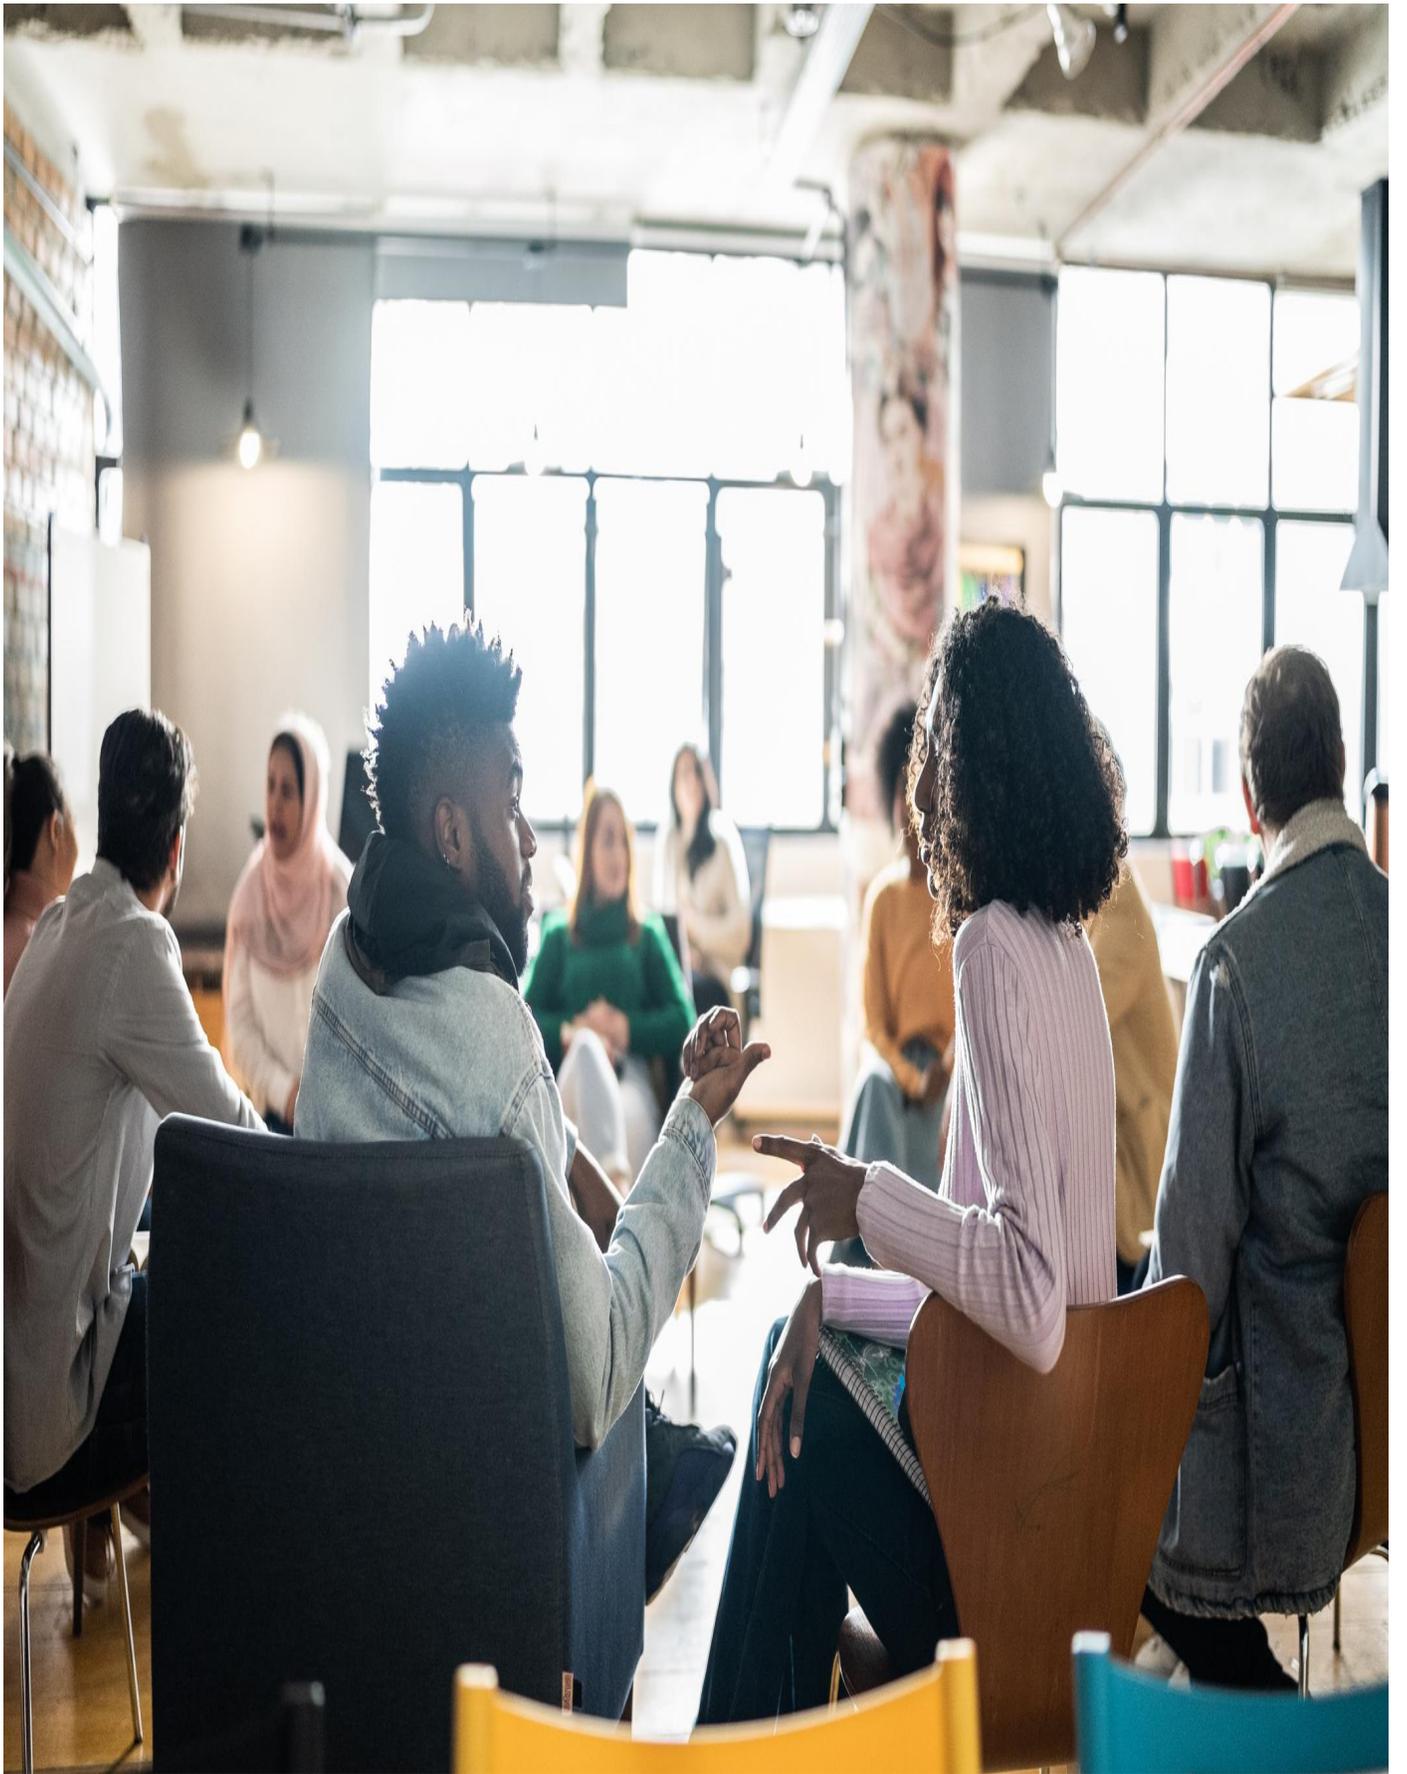

- Our stewardship commitment demands accountability and transparency
- We treat everyone with respect and humility
- Our staff and board are passionate and persistent
- We are relentless in our efforts to achieve health equity and racial justice
- To advance our mission, we, and our work, must be relevant and have a lasting impact

Mission & Cornerstones

Our work is rooted in three cornerstones. Learn how these elements are essential to achieving our mission to improve the health of Coloradans.

Priorities

We have chosen 10 priority areas where we can make a real difference in the health of Coloradans. Learn why these priorities are so important to health equity and racial justice.

Equity & Justice

We collaborate with organizations to break down systemic barriers to achieving health equity and racial justice. Learn why we prioritize communities of color in all that we do.

Learning & Evaluation

We work to understand and share how we can make the greatest impact on the health and well-being of those we exist to serve. Learn more about how our decisions are informed.

Accountabilities

We collect, and publicly share, data that demonstrates our progress in how we're centering race and ethnicity in our work. Learn how we're holding ourselves accountable to equity.

Financials

Most of our annual investment goes to nonprofit organizations, government agencies and groups working to improve the health of Coloradans. Learn more about our contributions.

Staff & Board

Our staff and board members bring different perspectives and lived experiences that help us better connect with communities who need us most. [Learn more about our team.](#)

Careers

We are always looking for people who would like their work to impact the health and well-being of others. View our current job openings and learn more about working with us.

Properties

Learn more about the health-positive design of our building and another property we're redeveloping to address the critical need for affordable housing in our own neighborhood.

History

We were established in 1995 and have remained committed to our mission of improving the health of Coloradans. Learn more about our story and how equity is at the center of what we do.
