Healthy Schools Collective Impact: Theory of Change

Overall approach and outcomes that advance health equity, recognize and respond to differentiated needs, and help schools meet their educational goals

Evaluation: 500 words

- Max of 500 words
- This section should answer the following question:
 - What do you expect to be the ultimate result(s) of your grant activities?
 - What is the timeline for the work and what are the expected milestones that will ultimately lead to your desired results?
 - What evidence will you have to show that the activities took place as described and that the milestones were reached?
