# Grant Eligibility

- Colorado organizations classified as tax-exempt under section 501(c)(3)
- Colorado public agencies, including state and local governments

Note: If your organization is required to meet a public support test in order to retain its status as a public charity, it is essential that you ensure the grant funding your organization could receive from the Colorado Health Foundation will not cause it to lose its status as a publicly supported charity.

# What We Don't Fund Through Grantmaking

Generally, the Foundation does not make grants to the following:

- Individuals
- Programs that require membership in a certain religion or advance a particular religious faith (faith-based organizations may be eligible for funding if they welcome and serve all members of the community regardless of religious faith, and provided that they do not require participation in activities that are specifically religious)
- For-profit organizations or programs operated by, or for the benefit of, for-profit organizations
- Debt retirement
- Fundraising events
- Endowments

# Funding Diversity

- Guidelines ensure that an organization is not excessively dependent on Foundation funding
- Annual Foundation grant disbursement should not exceed 25 percent of an organization's total annual expense budget
- For organizations with 1+ grants, the guideline is 30 percent of an organization's annual expense budget
- For fiscal partnerships, this guideline does not apply to fiscal sponsors, but to the sponsored organizations

# Funding Types

## Funding opportunities:

- Focus on specific needs aligned with a particular priority within our focus areas.
- Vary for each funding deadline (Feb. 15, June 15 and Oct. 15).
- Applicants will be required to address detailed criteria specific to that funding opportunity.
- Grant funding is highly competitive within the pool of applicants for each individual funding opportunity.

## Rapid response funding:

- Supports short-term advocacy initiatives. There is no deadline for rapid response grants. Applications will be accepted on a rolling basis.
