

Holding Ourselves Accountable

The Colorado Health Foundation™

CENTERING RACE AND ETHNICITY IN OUR WORK TO ACHIEVE HEALTH EQUITY

The commitments below demonstrate how our Board of Directors, investments, advisors, partners, grantees and staff encapsulate and represent diverse experiences, perspectives and approaches.

2022

People of color represent 50% of our Board of Directors.

We are also committed to ensuring our Board represents a diverse range of other demographics:

- Race and ethnicity
- Sexual orientation
- Gender identity
- Disability status

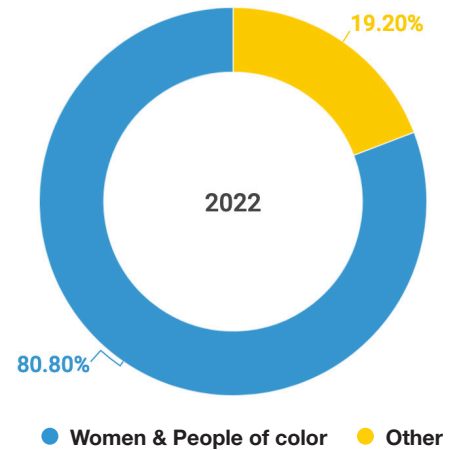

In 2022, **50%** of the people serving on our Board of Directors reported identifying as a race/ethnicity that represents people of color.

- People of color
- White (non-Hispanic or Latina/o/x)

Our goal: By 2025, at least 25% of our total managed investment portfolio (MIP) is managed by firms owned by women and/or people of color or that have women and/or people of color in key decision-making roles.

Our current progress: As of Sept. 30, 2022, approximately **19.2%** of the MIP assets were managed by firms that are principally owned by women or people of color or have significant numbers of women/people of color in decision-making roles.

Beginning in 2021, at least 50% of new funding supports programs where at least half of the people served are people of color.

In 2022, **55%** of payments for work approved in 2021 went to organizations with programs where at least half of the people served are people of color.

Our goal: By 2024, at least 25% of our overall funding benefits organizations that are led by and accountable to communities of color.

In 2022, **25%** of our overall funding was directed to organizations that are led by and accountable to communities of color.

At least 50% of our capacity building funding through 2025 benefits organizations that are led by people of color or centered on communities of color.

In 2022, **59%** of funding for capacity building directly benefited organizations that are led by people of color or centered on communities of color.

- Led by people of color or centered on communities of color.
- Other

Our goal: By 2024, 50% of our vendors and contractors represent businesses principally owned or led by people who identify as women or people of color or that have significant people of color represented among senior leadership/board.

In 2022, 65 or 43% of the firms CHF did business with were owned, principally led by or had significant Board representation by women or people of color.

In 2022, **38%** of consultants/vendors who responded reported they were owned by women, and 19% reported they were owned by people of color.

- Women
- People of color
- Other

2022 annual collection of staff demographic information.

On an annual basis, we collect and publish demographic information about staff, including race and ethnicity, gender, sexual orientation, age and disability status.
