12:36:28 From Violeta Garcia to Everyone:
Yes! Yesenia. It's about finding the power within and expressing that power. When I hear empowerment sometimes it comes across as something that has to be given.

As people of color we need to ensure we are no longer asking for a seat at the table. Instead, we show up and have a seat.

12:39:32 From Maria Cocchiarelli-Berger to Everyone:

This is a question for the whole panel. I respect what you all are doing for your communities. Do you have any suggestions to how we as compassionate people stop the war on women and children by the GOP. The numbers show that a majority of voters are in favor of gun control and women freedom over their bodies and yet the Courts keep voting against us.

12:39:42 From Madi Holland to Everyone:

Or create our own table and invite others to it.

12:39:56 From Franklin Cruz (elle/el, they/he) to Everyone:

I like to think we need ecosystems not tables

12:40:09 From Sarah Johnson to Everyone:

You are so right on that, Franklin.

Even a big table has a limited number of seats

Ah that is a great image so clearly stated.

12:41:24 From Madi Holland to Everyone:

Ecosystems

12:41:40 From Lucia Gonzales to Everyone:

Maria: Yes. Empower the populations who the GOP have been marginalizing even more and preventing from having a say about their own health.

12:41:42 From Madi Holland to Everyone:
