2025 GRANTS AND CONTRIBUTIONS BY COUNTY

The Colorado Health Foundation's focus encompasses the entire state of Colorado. The maps represent the location of organizations that received grants and contributions in 2025. Please note, this data reflects the location of the funded organization, not necessarily the counties served by the funding. For instance, a portion of the grants made to Denver-based organizations support services provided in other counties.

At times The Colorado Health Foundation will provide funding to organizations whose administrative offices are located outside of Colorado, generally where the benefit will ultimately be for Coloradans and/or the funds are designated for use in Colorado, or will benefit the sector overall.
